

Real Property Master Planning Committee

Actions;

Review: actions from the
workshop

Next steps:

Other actions

Real Property Master Planning Workshop

- Policies/Guidance
- Master Planning Instructions updated, MPI reconciled to USAEUR Technical Planning Manual...
 - Get Regions together to work week to resolve Planning instructions (wayne)
 - Set up working group (rpmpsc working group)
 - Kickoff working group within 1 month 1 week event
 - Get force development/e&c folks involved tb 353 instructions std mapping
- Staffing attrition loss of talent, in-house folks, brain trust

Real Property Master Planning Workshop

- Policies/Guidance
- Personnel concern. Move Plng to sep Div of DPW. Bodies, person training nothing behind us.
- Trend to consultant planning support, but how do we sustain capabilities more than one person skill sets that are critical???
- Engineer interns support

Real Property Master Planning Workshop

- Technology and Tools
 - GIS enterprise/applications
 - Mpi is forum for requirements for standards for GIS
 - Challenge how to integrate the various communities, environ. MP, engineering etc.)
 - Mapping Standards
 - Mapping standards (MP community needs to give IT folks the standards) MPI needs to get guidance to Josh/Dan)
 - MP Portal/IKO Portal
 - Community of Practice
 - Update of Training material (multiphase effort)
 - Update course (need workgroup)
 - MPI update RP Digest

Real Property Master Planning Workshop

- Technology and Tools (Continued)
 - GIS enterprise/applications
 - Mapping Standards
 - MP Portal/IKO Portal
 - Community of Practice
 - Update of Training material (multiphase effort)
 - Update course (need workgroup)
 - MPI update RP Digest

Real Property Master Planning Workshop

- Collaborative Planning tools/
 - Planning Charettes
 - Ft. Future not an installation, Region/HQ level only
 - IDS/IDG
 - Planning Collaborative Exercise
 - Expert more the ‘experience’ venue on the practical exercise time.
 - Define planning expectations (I.e. RCI)
 - How do we plan (plan/design) areas vs planning design individual projects grouping planning funds in the P&D effort

Real Property Master Planning Workshop

- Shaping Installations for both current/future force
 - Mp and planning, is the way to “shape” the installations for both the current/future force
- Range and Training Land Program
- Installation Sustainability sustainable bldg is one that can be used for 60-65 year, adaptive use to change over time
- Critical Infrastructure Protection affordability? Compete w/ limited \$\$\$ balance
- NEPA part of mpi essential; NEPA documentation process where you assess the siting of facilities
- Revitalizing Army MP (feedback)
